Fúinn

Bunaíodh Feachtas sa bhliain 1980 chun an Ghaeilge a chur chun cinn i measc daoine óga agus chun cuidiú le forbairt phearsanta agus shóisialta an duine óig.

Creideann Feachtas gurb í úsáid na Gaeilge sa phobal i measc an aosa óig an rud is tábhachtaí do thodhchaí na teanga.

Tá sé mar aidhm againn úsáid shóisialta na Gaeilge a éascú trí ghréasáin a fhorbairt do lucht óg na Gaeilge.

About us

Feachtas was founded in 1980 to promote the use of Irish among young people and to aid their personal and social development.

Feachtas believes that the social use of the Irish language in the community by young people is most important for the future of the language.

We aim to facilitate the social use of the Irish language by developing networks for young Irish speakers.
